Subject: [External Email] - Re: Country of Origin Verification for Past Lot

Hi Blaine,

Thank you for reaching out. I reviewed our documentation and can confirm that the country of origin for Lot 002/OGBLT/TTFCS/2025 is Nepal. I apologize for the oversight on the initial documentation.

Please let me know if your QC office needs any additional information, or if you would like me to resubmit the RMC with the corrected details.

Best,

Manny Palma (he/him)
